Scheduled Tasks in ChatGPT (for now, o3 and 4o)

<https://help.openai.com/en/articles/10291617-scheduled-tasks-in-chatgpt>

For example, you can ask ChatGPT to create scheduled tasks for the following:

- “Can you give me a briefing on AI news each afternoon?”
- “Practice French with me daily”
- “Remind me about my mom’s birthday”

ChatGPT will respond by push notifications to a chat or into the Chat where you raised the prompt.

00:36:13.550,00:36:16.550

Carl Ott: No need to be paranoid.

It’s just 2 robots deciding what to do with you.
