Ray: If Doug is a judge you would have to distract him at that point ..

01:03:04.458,01:03:07.458

Ray: There is no other way around it ..

01:04:46.135,01:04:49.135

Carl Ott: Nihar - we welcome everybody! You can find our main web site at [dprg.org](http://dprg.org). Or you can find most of our meetings posted at [Meetup.com](https://www.meetup.com). Most regulars pay nominal annual dues, which help us to maintain storage and physical meeting space at the Dallas Makerspace.

01:06:21.272,01:06:24.272

Carl Ott: We normally host in-person competitions twice per year - spring and fall, one indoor and one outdoor. This COVID mess has screwed that up though - so we're trying to as best as we can with these online meetings.

01:07:15.871,01:07:18.871

Carl Ott: You can also check out our extensive You Tube library <https://www.youtube.com/user/DPRGclips>

01:09:06.167,01:09:09.167

Carl Ott: We do have a slowly growing GitHub account. On there, you can find our portfolio of contests - these give some nice challenges, no matter where you are along the robot builders learning curve <https://github.com/dprg/Contests>
