David: Carl are you well?

00:06:30.980,00:06:33.980
Carl Ott: David - I'm doing fine thanks - but in my last week of hanging out with my parents here in Pittsburgh PA. My Dad had an issue a few weeks back, where the automatic defibrillator built into his pacemaker had to jump start his heart 3 times in 6 days.... I drove here to help get things settled down.

Carl Ott: At some point, I'll share the waveforms from his pacer, that shows when it detected ventricular fibrillation, to the time it started working properly again... lots of interesting stuff to see in that...

00:08:46.652,00:08:49.652
Carl Ott: So tonight I need to spend time with my folks, and next Tuesday night I'll be driving back to Dallas...

00:09:59.521,00:10:02.521
David: Thanks. Be careful.

00:11:50.557,00:11:53.557
Carl Ott: with that - I need to duck out - catch y'all later...
