did the gnome come with the scanner?

Harold Pulcher
8:30 PM

this is the software that does lots of cool things and makes "puzzles" out of meshes for 3d printing.

Good to see Carl Ott Karim - was there anything Carl Ott swanted to show tonight?

Karim Virani
9:17 PM

Life has intervened. Had a good plan to enter a freestyle robot. Now I won't even be a spectator on Saturday. I'll catch up with the group eventually.

Carl Ott
9:18 PM

Bummer - well good luck with life's interventions - hope everything works out ok. Catch Carl Ott as catch can..
