

Robot Builders Night Virtual for August 4th, 2026

<https://www.youtube.com/watch?v=x9fqqL1vB50>

Presenters

Inter-Process Communication with Python

- **Pat Caron** shared a link to an article on using PyZMQ for inter-process communication ([Using PyZMQ for Inter-Process Communication Part 1](#)).
- An additional resource was shared via a GitHub Gist on related coding techniques ([GitHub Gist](#)).

Sharing Component Resources

- **Mark R** shared product links for components, highlighting affordable options for builders ([Amazon Product Link 1](#) and [Amazon Product Link 2](#)), noting the price point for components like the BNO085.
- **Ray Casler** followed up with a link to a product on AliExpress for Bluetooth components with part numbers syn115 and syn480r ([AliExpress Product Link](#)). This was corroborated by Mark as comparable in terms of price.

Referenced Links

- **Mark R** provided the following links:
